My six year old daughters review: "This was a great book. I thought the duck was really funny. I really liked how Dodsworth took the duck off the ferries wheel and the duck said "oh how do you do?" When Dodsworth was trying to get the duck the whole time! " She really wanted to have her own words on this review so there you have it.

My daughter is a first grader who was a good reader in Kindergarten, but wasn't very interested in reading for pleasure. A friend had discovered these books at the library and recommended them for her so I ordered Dodsworth in New York for starters. My daughter loved it! I ordered London, Paris, Rome, and Tokyo in one fell swoop. All have arrived except Tokyo which will be shipped this week. Anyway, my daughter relished each adventure and has even re-read each book in order to giggle at her favorite parts! Dodsworth and Duck are simply mesmerizing and hilarious, and I highly recommend this series!

Just read this to my 7 and 3 1/2 year old last night. This was such an entertaining story. The young one loved the pictures and being able to spot the duck in the images. My older one was thoroughly entertained by the story. Am wondering if he understood the underlying theme about changes in plans.... we'll see.

Was easy to read and I'm looking forward to reading more books like this one. My son liked it a lot.

Great book-great seller!

Great series

How can you not fall in love with this duck, and Dodsworth? And now they've both been in Hong Kong, London, and Paris? The tone of the narrative is clever and friendly and young readers should

have a great time getting through Dodsworth's adventures.

Excellent early reader - the whole series is great.
