Good textbook

Very helpful in the PR world.

This book is filled with tons of great information for Public Relations majors. Unfortunately, like most textbooks, it's presented in a not-so-exciting fashion. It's a great resource, but not really anything you'll want to read again and again.

As described

I learned a lot from this book. I bought it as a main PR text to supplement a professor-assembled PR manual.

It's a bit dated, but the principles hold up. Interestingly, I got a political writing job 3 weeks after I

bought this book!

Bivin's text is a great book, updated with the latest approaches. Students give it good reviews, too. I'll use it again next year.

Good book
