Customer Reviews

This is a delightful book to read aloud to an excited little one who is ready to start school! Or one who has just begun, or is nervous about starting kindergarten. The alphabet plays out in this to see, do, and experience school for the first time. It is also filled with fun, interactive things that a kinder can do by themselves or with some help from a caregiver. Like her other wonderful children's book this one will have a cherished place on your little one's shelf. The illustrations by Joseph Cowman are also charming. You can find her other books on [Amazon](#) too!

This is the best present ever for a kindergarten student. The rhymesThis is a wonderful present for a kindergarten student. It is like getting two books or more. The illustrations are great,and it is very user friendly.

Erin Dealey goes beyond the standard alphabet book with this charming new title. Kids will love her spot-on rhymes and her novel way of incorporating the ABCs into her narrative. The Kinder Challenges and Kinder Countdown sidebars add a fascinating new layer of readiness and extension for families. A must-read for future kinders and their families!
