Fashionably Hotter Than Hell

Synopsis

What does a frustrated Vampyre do when the woman he's chased for 200 years is still trying to get away? He plays dirty, that's what. Welcome to my own personal hell. Name: Heathcliff. Occupation: Vampyre Warrior - one of the deadliest in the world. I plan. I fight. I win. Always. However, it's never taken me this damned long to get what I want before. Only I would be blessed with a Vampyre mate I'd have to chase for two centuries. The chemistry between us is steamy, and the sex is sizzling, but I want more - I want it all. Now, just as I'm finally wearing Raquel down, I find I have competition, not for my mate's hand but for her very existence. Raquel may run and she may hide, but she is mine, and I will no longer take no for an answer. Whatever is in the way between us doesn't matter. We were made for each other. Nothing anyone can do will change that simple fact...except maybe the Trolls...or the Wraiths...or the reclusive, insane Vampyre sister of my King who wants to drink my mate dry for reasons no one will freakin' explain to me. Damn it, I thought the chase was difficult...keeping Raquel alive might prove to be my undoing.

ASIN: B01GQM3LD8

Best Sellers Rank: #172 in Books > Audible Audiobooks > Romance > Fantasy #1621 in Books > Romance > Fantasy #3808 in Books > Romance > Paranormal

Customer Reviews

With every one of these books I'm amazed at the author's wonderful imagination. These books are funny, exciting, sexy and just all around love able. If you are a fan of the Hot Damned Series you want to read this book. If you are just a fan of an all around good book than you want to read this book. The cuss words she comes up with are freaking awesome

"Fashionably Hotter Than Hell" by Robyn Peterman is book 6 in "The Hot Damned Series".

Heathcliff has spent the last two hundred years in a love / hate relationship with Princess Raquel. She rejected his claim that she was his mate at the start of their relationship, and from that point on he has just tried to keep the fiery redhead at a distance. But things are changing in the Vampyre world. His True Immortal relative, Astrid, and Prince Ethan have entrusted both Heathcliff and Raquel with training their fast growing, smarter than Einstein and da Vinci combined son Samuel, in both education and protecting himself. Old issues are popping up, and Heathcliff can no longer ignore them and his feelings for Raquel. Overall, I thought that this was another great addition to this outrageous and extremely funny series. One thing that is different in this novel than the rest of the series is that it is told from a male's perspective. It also adds several new characters to the growing list of nutjobs from the previous books while bringing back much loved characters and putting them in awkward situations. Again, this is another awesome book by Peterman, it's funny and totally my kind of crazy. Can't wait to read whatever she puts out next!

Unrequited loveÃ¢Â¢Ã¢â€šÂ¬Ã¢â€šÂ“s a bitch. Unrequited love for more than 200 years is redonkulous. Especially when youÃ¢Â¢Ã¢â€šÂ¬Ã¢â€šÂ“re required to spend hours every day working together to educate and protect your royal nephew. Heathcliff canÃ¢Â¢Ã¢â€šÂ¬Ã¢â€šÂ“t figure out what secret Rachel has been keeping from him and it takes a full-fledged all-out war to find out. Thrills and chills and hot sexy times abound. And, as always Robyn PetermanÃ¢Â¢Ã¢â€šÂ¬Ã¢â€šÂ“s eccentric style and panache keep you red-faced and laughing. Unputdownable!

Marie's Tempting Reads Review: Yet, another fantastic, foul, fun-filled story in Robyn Peterman's wildly outrageous Hot Damned Series! In Fashionably Hotter Than Hell, we get Heathcliff's and Raquel's story. These two are seriously fun and entertaining characters and had me laughing and sighing with utter bliss. I loved how volatile they were to each other, as they both tried to keep the other away. But once they finally admit to one another that they are mates, things take a turn for the AWESOME! Not only do we get some sizzling, wild love scenes, but we get some problems that they need to solve with the help from all our favorite characters! Astrid, Ethan, and of course, Satan! Laugh your pants off fun follows as well as surprises that will have you groaning and moaning...or that could of been just me! *Wink* I can never seem to get enough of this series. And FHTH is one of those romances that had me double over laughing and sighing with contentment. The romance is electrifying and the sex is, well, hotter than Hell. Raquel and Heathcliff are explosive together! They fit perfectly and when they rile each other up, and the teeth-grinding commences and the good times roll! I can't help but to love this book. Fashionably Hotter Than Hell gets an OUTRAGEOUSLY

FINE FIVE SHOOTING STARS! Its a story so crazy fun and sassy, you just don't want to miss it.

Robyn Peterman will delight and give you a one Hell of a good time!

I enjoy the storyline and characters, however, the characters seem to have regressed to teenage antics versus adult behavior. The focus seems to be more on how many ridiculous swear word combinations that can be formulated versus acting like the immortal adults that they are. I've even re-read the first few books to make sure I'm not being unreasonable. I'm not. If I didn't like the characters and story line as much as I do, I would not have finished the books. The most recent volumes seem to be written more like *Pirate Dave* (which I did not finish). I expected more from this series.

That being said, this book disappointed me. The plot device keeping our would-be mates apart apparently didn't exist in Book 1 (see Astrid's nighttime visit to her grandmother's grave) but we're told that Raquel has been under this curse for years. Maybe I'm being unreasonable but I really expect an author to keep track of her previous plots - especially an author of Ms. Peterman's caliber. Apart from that, this book continues the fun with Astrid, Ethan and the gang although I thought the book was a bit Lucifer-lite.

Samuel needs to be trained and who better than to teach him but his aunt Raquel, and teach him to protect himself then Ethan's second in command, Heathcliff. Now if they can keep from killing each other and actually teach Samuel something that would be great. Ok so Heathcliff tends to do things to make Raquel mad on purpose. But he loves to watch her get riled up. Of course if they destroy one more room they will all be in trouble. Astrid will not be happy. Heathcliff has loved Raquel for 200 years and she always rejects him. He does what he can to make her crazy. Seems fair. Raquel has secrets of her own. All these things are about to come to a head. Someone is out to get Raquel and Samuel and no one is about to let that happen. Another fabulous book. I love this family and all their quirks. Can't wait for the next one and the fun to continue.

The "Fashionably Hotter than Hell" series started with Astrid, who was going through a hard time after her grandma passed away. The first book "Fashionably Dead" really was the best of the first three books. I can recommend all the books, but clearly the first three appealed to me more than the rest. They centered on Astrid. This book left the door open for follow on books, which I appreciate. However, it is written from Heathcliff's point of view. I didn't care for the male point of view as much

as I enjoy the female point of view. I truly enjoyed the humor of the books.
