JEN MEYERS grew up in Vermont, spent three years in Germany when she was a kid, and now lives in central New York. When she's not reading, writing, or designing coloring books, she's chasing after her four kids, playing outside, relishing the few quiet moments she gets with her husband, and forgetting to make dinner. Besides designing totally inappropriate coloring books, she also writes contemporary romance and young adult fantasy. She is the author of the (completely appropriate) Intangible series, the (perfectly inappropriate) Happily Ever After series and Anywhere, and co-author of the (totally inappropriate) Untamed series. I LOVE this adult coloring book! The messages are truly self-affirming and yes, inappropriate -- as soon as I saw this combination, I was sold! The designs are simply lovely and with enough detail to allow you to escape into the page as you color. I love anything that Jen Myers publishes, and this coloring book is no exception. Recommendations: gel pens are especially awesome with this; as seen with the wording in my images, you aren't necessarily going to want to share this book with your children. ;)

I have a colleague at work who is typically very mild-mannered. Lately, she's been becoming frustrated with policy and personnel in our department. This was the perfect birthday present! She keeps this in her desk and whips it out when she's having a particularly irritating day. So fun!

If you like fine point felt tip pens make sure to put a sheet in between pages, little dots of color do bleed through. Really love the variety of drawings. One page is a heart with flowers and patterns that's half the page, the next is a full page of a garden.

Some pages have very little design in terms of coloring and other pages have no affirmations.

Purchased for a friend with a potty mom as birthday gift. She laughed for days. Still hearing updates months later.

A beautiful book with uplifting phrases matched with well-drawn pictures. Another sweary coloring book to make you feel good, and totally approved for purchase age 17 and up! Feel better and giggle at the phrases at the same time!

Not too vulgar, bought for a friend for Christmas, she LOVED it.

I am new to the adult coloring world but have fallen in love with it! Love the snarky books!
