Outstanding book and recipes. My husband has congestive heart failure and we needed to revamp his diet. A definite winner.

Great book but I did not realize it was a small paperback. Bought again in larger format.

great book helps with the low salt diet

Great recipes, just wish there were pictures

The book itself is small which makes it hard for my mom to see it. But the recipies are pretty good. I would buy the book again.

Love it. Use it all the time. Helps in learning to adjust to a low-sodium diet. Recommended to all. :)

Good ideas but I expected it might show me how to add flavor with other herbs and spices but it didn't.

a little disappointed
