Customer Reviews

Better than any instruction book I've purchased to date. The use of familiar melodies rather than short "practice" tunes make it easier to learn.

ok

I loved book 1 and book 2 is great as well. Sneaks in all the fingerings with some nice tunes that trick you into playing them without knowing it. I tried two other series but not as good as this one. It helps to have a good intermediate horn to play as well like a new Buffet E-11.
