# Ukiyo-e: An Introduction To Japanese Woodblock Prints

## Synopsis

Japanese woodblock prints, or ukiyo-e, occupy a singular position in the lexicon of world art. They enthralled such Western artists as Whistler, Manet, Degas, and van Gogh, and gave rise to a wave of "japonisme" in the salons of Paris, London, and New York that left a lasting impression. As the successor to previous aristocratic traditions, the ukiyo-e print represents the last flowering of traditional pictorial art before Japan entered the modern era. These "pictures of the floating world" reflected the world of the townspeople of Edo (Tokyo), focusing on the popular entertainments of the day, landscapes of favored scenic spots, and portraits of well-known geisha, kabuki actors, and sumo stars. The present volume delves into the history of these unique artistic endeavors, tracing their development from the lavish works commissioned by aristocratic patrons in the sixteenth century to their peak in popularity among the rising merchant class of the flourishing future capital. As the story of the genre's blossoming unfolds, Mr. Kobayashi's illuminating commentary on all its varied aspects-styles, artists, engravers, printers, and the demands of an insatiable but fickle public-captures the essence of the art and provides a fascinating glimpse into the culture of old Japan. With the large color plates and numerous detailed close-ups accompanying the text, *Ukiyo-e: An Introduction* is essential reading for anyone interested in exploring the exotic world of the Japanese print.

## Book Information

Paperback: 96 pages

Publisher: Kodansha USA (August 14, 1997)

Language: English

ISBN-10: 4770021828

ISBN-13: 978-4770021823

Product Dimensions: 11.6 x 0.6 x 8.8 inches

Shipping Weight: 1.4 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

## Customer Reviews

"Highly readable ... an excellent addition to your library." - Eye-Ai

Born in Tokyo in 1941, TADASHI KOBAYASHI graduated from the University of Tokyo, then went on to serve as a lecturer at the University of Nagoya and as curator at the Tokyo National Museum. His extensive writings on Japanese art have brought him to the forefront of the field. He is the co-supervisor of Japanese Art: The Great European Collections, in twelve volumes, and the author of Utamaro: Portraits from the Floating World.

This book is a gift so I haven't read it. The pictures are lovely. What else can I say about a book I haven't read? [[ASIN:4770021828 Ukiyo-e: An Introduction to Japanese Woodblock Prints.

A Great Book for all those interested in Art
