100VN - Artistry In Strings Violin Book 1

Synopsis

Artistry in Strings is a groundbreaking string method that will be at home in your classroom or private studio. Its comprehensive approach contains all the basic tools necessary to establish solid technique and expressive music making. Artistry in Strings is a music educator's dream, combining a performance-centered approach with optional theory, composing, listening, assessment, and interdisciplinary and multi-cultural studies.

Customer Reviews

It seemed to take just a little longer than I had hoped - but that is probably because I was so anxious to see it and "get started" on reviewing it. I had started lessons with a new teacher and he was going to teach me from Book 2 by the same author.(I did notice that there was a CD "placeholder" in the back of the book but one wasn't included...but I guess neither did the listing mention the CD...I would just have enjoyed this "added" Blessing.)Thank you that the marks in the book were in pencil - so I could erase them if I chose to do so. (A good tip for ME to follow like example!!)Thanks again.

Was required by the music school. It is a good book, not a lot that can go wrong here.

Nice condition.

Book arrived very quickly, three days before my daughter needed it for the first day of school.

loved it

Exactly what I needed for the sixth grade strings class! I'm soooo glad I didn't have to drive to 3 towns like last year! I have learned that lesson the hard way....never look for required strings books in music stores! They never have them in stock and they always cost 3-4x too much! Thank you for making my life easier!
