Taste Of Home: Casseroles, Slow Cooker, And Soups: Casseroles, Slow Cooker, And Soups: 536 Family Pleasing Recipes

Synopsis

One-pot cooking has become the latest trend according to readers' submissions to Taste of Home. When your family craves home-style meals, this collection featuring three classic methods-meal-in-one casseroles, bubbling slow-cooked specialties, and thick, hearty soups-it is all a cook needs. With 384 pages containing 536 recipes, three different methods of one-pot slow cooking, plus 397 full-color photographs-all for \$19.95-this is one cookbook that belongs in every kitchen's library. Here is the ultimate cookbook for comfort cooking with just the perfect selection of recipes for your church suppers, large family gatherings, and potluck dinners any night of the week. You can have entire meals in one pot-and most recipes are a meal-in-one (protein, carb, and veggie)-so once it is made there is nothing else to prepare to provide a nutritional and delicious meal. Tasty recipes include: Winter warmers: Barley Chicken Chili, Beef Noodle Casserole, Seafood Chowder, or Slow-Baked Cabbage Rolls Summer favorites: Barbecued Beef Brisket, Fresh Fruit Soup, Hamburger Supper, or Tomato Green Bean Soup International ideas: Moroccan Braised Beef, Hungarian Noodles, Enchilada Casserole, Italian Wedding Soup, or Canadian Cheese Soup Vegetarian delights: Asparagus Mushroom Casserole, Basil Tomato Soup, Greek Pasta Bake, Mushroom Salsa Chili, or Six-Veggie Bake With recipes ranging from appetizers to entrees and even desserts, this is one cookbook you'll reach for time and again.

Customer Reviews

Launched in 1993, Taste of Home magazine has nearly 4 million paid subscribers—North

America's most popular cooking magazine. There are more than 75 recipes in each issue and all are family favorites contributed by Taste of Home

I LOVE the recipes in this book. They are practical, easy to make, well-tested before publishing them, and use normal everyday ingredients that you probably have in your pantry. Several have already become family favorites. Even my picky grandchildren love them and request them when they are coming over.

Delivered as advertised.

Purchased for both my daughters who [sshhh] finally moved out of the house. They know how to cook, but it seemed like their cooking knowledge went out with them when they left the driveway. I think their minds with the new daily life did not include, oh gee what is for dinner. I have been told they try the recipe as stated and then have so many notes. OK, my family likes a lot more spices than most and they also felt like added more veges than required. I am truly glad I purchased these books as even eating their cooking was impressed.

I bought mine more than a year ago and have been using the recipes for family dinners. Well, my family is on to me this year and kept asking where I am getting the recipes from. I showed several relatives the book and caught them trying to sneak it out the door as they were leaving, my dad being the biggest culprit. So I ended up buying three copies and giving it to my would be thief relatives for Christmas this year. All parties were very happy, especially me. Now I don't have to hide it when I have company over.

I have some Taste of Home books already. Actually, I was having lunch with two close friends and they were discussing how to find this particular cook book. One had looked all over our home town and could not find it. I offered my solution which is always the same. I told them I go straight to my favorite source---.com. I find almost everything I am looking for at . So while having lunch, I used my smart phone and located the cookbook and they both asked if I would order them one. I did and they are quite pleased with their purchases.

I tell you what my family thinks they have died and gone to the best cooking heaven there is. I have turned into quite the cook since purchasing this book. The pictures help so much and the recipes

are so simple and easy to follow. Also if I add a little somethin here or there I just keep notes for next time. I loved it so much I had to get one for my friend too!!! I would reccomend this cookbook for anyone from beginner to pro cook!!! It's a kitchen must have!!!!

Great recipes all in one place. I have cooked several of the casseroles so far and none have been "bad". It's a great reference and a gorgeous book. I am very pleased!

Bought this as a gift for my parents. I have one I got at Costco and they liked mine so much I had to get one for them. I have been making a recipe out of the book 2-3 times a week and have yet to find one we don't like!
