ACT Prep Book: ACT Secrets Study Guide: Complete Review, Practice Test, Video Tutorials For The ACT Test

Synopsis

This ACT study guide includes ACT practice test questions. Our ACT study guide contains easy-to-read essential summaries that highlight the key areas of the ACT test. Mometrix's ACT test study guide reviews the most important components of the ACT exam. The ACT Exam is extremely challenging, and thorough test preparation is essential for success. ACT Prep Book: ACT Secrets Study Guide is the ideal prep solution for anyone who wants to pass the ACT exam. Not only does it provide a comprehensive guide to the ACT Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. ACT Prep Book: ACT Secrets Study Guide includes:

- A thorough review for the ACT Exam
- A breakdown of english standards
- An examination of different mathematical levels
- An analysis of reading comprehension
- A guide to science reasoning
- An in-depth guide to writing

Comprehensive practice questions with detailed answer explanations

It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the ACT Inc. expects you to have mastered before sitting for the exam.

The English Test section covers: Parallelism Grammar Type Punctuation Tense

The Math Test section covers: Pre-Algebra Algebra Geometry Trigonometry

The Reading Test section covers: Comprehension Skills Purposes for Writing Types of Passages Literary Genres

The Science Reasoning Test section covers: Four Types of Passages Four Types of Questions Highly Technical Questions Experiment Passages

The Writing Test section covers: Brainstorm Pick a Main Idea Create a Logical Flow Proofread

These sections are full of specific and detailed information that will be key to passing the ACT Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual ACT Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our ACT Prep Book: ACT Secrets Study Guide is no exception. It's an excellent investment in your future.

ACT test prep book that provides a comprehensive review for the ACT test. ACT study guide is the only product on the market to feature embedded video codes for Mometrix Academy, our new video tutorial portal. ACT exam prep that will help you elevate your

ACT test score. ACT study manual that will reduce your worry about the ACT exam. ACT review book that will help you avoid the pitfalls of ACT test anxiety. ACT practice test questions and much more...

Customer Reviews

Do not buy this book. The practice test is horrific. Multiple errors throughout. As only one example (of many), problem 51 in math has the same answer shown twice. Reading passages are nonsensical, moving from a ridiculous blog post to an essay on Einstein's theory of relativity. Nothing even remotely similar to what is actually on ACT. Not to be trusted.

WERE NOT THERE YET... GETING PREPARED

Great

Love it

I love this company. I bought the Mometrix guide to study for my TEAS test and it helped more than the manual put out by the company who gives the test, so when my husband had to take the ACT, he used this. While he used other things in addition to this book, he said that this book was not only excellent on testing content, but has easy codes to videos to help clarify things that may not click in

Text. The practice tests are invaluable. After each of our experiences with this company, I wouldn't hesitate to include whatever study material they provide for any test I need to take. Also, if you have to ever deal with customer service, they honestly are amazing.

This guide is a must for anyone prepping for the ACT. First of all, this guide is a 2017 edition, so I know that it has the most up to date content. Many of the other guides that I saw were from last year and beyond, so this was a big deal to me. The guide is well written and easy to understand. It is also broken up into sections, so you can go right to the area that you want to focus on without having to do a ton of searching or reading the guide from cover to cover. This saved me a lot of time! There are a lot of practice questions that come with detailed answer explanations to help you get a good idea of what you'll see on the real test. I thought that the practice questions were very similar to the real ones, so I felt more confident about my score. I would definitely recommend this guide to others.

I received this study guide for ACT and have read through this as well as my son. I was amazed on how well this was put together and allowed my son to study for his ACT test. He felt this really helped him prep for the test! He and I both felt it was a easy read which assisted in retention of the information. I can tell you I would HIGHLY RECOMMEND this book!! He felt very confident going into the test and is very confident he did well when taking the test! This is a MUST buy if you want to prep your child for the ACT exam!! ACT Prep Book: ACT Secrets Study Guide: Complete Review, Practice Test, Video Tutorials for the ACT Test

This is a great book when preparing for ACT or similar test. We like the fact that it covers a broad variety of topics in great detail, with explanations, and examples, as well as review videos that are short and to the point. We could most likely use more examples in math and geometry sections. Also, an index of terms would be helpful. While working on test questions, it was sometime too tedious to find the relevant chapter or paragraph in the book when we needed additional help or did not know the answers. We believe that it would be most beneficial to use the book for very comprehensive review and allow enough time to go through all chapters, all examples, and all videos. We have no doubts that by doing so we would be sufficiently prepared for the ACT exam.
