Ops!

An excellent Greek cookbook! It has So many wonderful dishes that my Yiayia and m y mom use to make. I love how they refer to orthodox traditions. This is a good book to have for young adults just starting out.

About once a year I need make something that is 'Greek', so I reach for this cookbook. (I got tired of borrowing the cookbook from friends so I bought my own and now between us we have 2). The recipes were collected from those used when the Greek church had a pot luck, so the recipes create generous servings. The recipes that I've made have been easy and tasty. Wide variety of recipes so if you need a recipe for a specific dish or are searching for a type of recipe it is probably in here.

This cookbook has good greek family recipes. Being half greek I can tell you these recipes turn out like grandmas. Good product and shipped ahead of schedule as always.

Easy to make recipes with good directions. Suggestions for menus for holidays makes meal planning simple. The picture diagrams on how to cut and fold various pastry dishes easy to attempt if you have never made it before.

My favorite Greek cookbook, The one I grab first. Authentic, tasty dishes. I am of Greek descent and know good homemade, not restaurant quality food. Book is not too big and cumbersome

One of the best Greek cookbooks! Authentic recipes , great comments.

this cookbook has great simple and tasty recipes that are traditional. I haven't found a recipe that disappoints yet. A must if you want to cook traditional Greek food.
