Earth Energy: Return To Ancient Wisdom

Synopsis

â œEarth Energy provides profound and insightful knowledge for returning to proven ancient and indigenous Earth wisdom practiced successfully through the ages: thus written by my friend Betsey Lewis. She provides invaluable information for those who love Mother Earth and want her healed again. With admitted climate change/planetary heating, we can't ignore Black Elk's warning vision. We must practice mindfulness, balance and respect for Mother Earth, if we are to save our planet, ourselves and all life--it's that critical!â •â " Ed McGaa "Eagle Man" Oglala Lakota ceremonial leader and author of Mother Earth Spirituality and Creatorâ ™s Code Our unique blue planet that exists on the outer edge of the Milky Way galaxy among an infinity of stars, suns, planets and galaxies, has provided and protected humanity for tens of thousands of years, if not millions of years, but now she is dying from our exploitation and depletion of natural resources. Our oceans and waters are polluted, our air is foul, and the creatures are dying, yet we fail to listen to Mother Earthâ ™s cries. It is this concern that indigenous elders throughout the world are sounding the alarm. In order to change our world, we need to return to Ancient Earth Wisdom to balance and heal Mother Earth, a conscious, sentient being, who is ever evolving within the divine order of the cosmos. We are related to her and all things. The Thirteen Indigenous Grandmothers of the World, the Maya Elders, Hopi Elders and other indigenous leaders have been warned by Sky Beings that powerful Earth changes are comingâ "a new Earth. We live in a time that will herald the â œGalactic Dawnâ •â "a mass awakening of humanity to our cosmic origins and intergalactic relationships. When we learn to live in balance and honor all life Earth changes will be lessened, they say. In Earth Energy discover Ancient Wisdom taught by indigenous people worldwide, the mysteries of our planet and the sacredness of Mother Earth. Discover legends and myths of Earthâ ™s elemental spirits. Earth Energy includes indigenous prayers, sacred ceremony for healing Mother Earth, Earth friendly environmental suggestions and prophecies. Thereâ ™s still time to save our precious planet.

The spiritual component to this book invokes the wisdom of Betsey's psychic and intuitive abilities as well as her experiences and guidance from the Native American Leaders to honor all that is on Mother Earth. Betsey has included numerous prayer practices and spiritual practices to invoke on our own and share with others , community , to create a healthier lifestyle for each of us , on a daily basis and thru out humanity . I will continue to utilize the spiritual guidance and ancient wisdom that Betsey shared thruout this book in many ways of my life and return to implment these practices for my own personal life and lifestyle improvement . This is a MUST read book to have in your home and to be read and re-read again and again. I loved reading and learning all the ancient wisdom and knowledge in EARTH ENERGY written by Betsey Lewis. Please do yourself a favor and purchase this book now ~ you will be so delighted and pleased ~ I promise !!!!!!!!!

"Earth Energy" by Betsey Lewis is a life altering, life affirming read. Our Mother is in trouble and we're to blame. Maybe not by overt actions but by tolerating those who are committing these acts. She explains to us what our ancestors knew and we have forgotten. We have lost our "ayni", balance. Betsey seeks to explain this dilemma. She seeks to motivate us into action. And she does a fantastic job of breaking down a complex issue into understandable and motivating pieces. And I for one will change my thoughts and habits. My favorite quote in the book: " If you think you're too small to make a difference, try sleeping with a mosquito". His Holiness The Dalai Lamal wholeheartedly recommend this book to everyone. The information it contains can save us.

So much that we should be in tune with is brought out. And simultaneously Betsey and others provide really practical advice on how we can do our part as of now. Thank you for such great wisdom brought out so clearly and precise.

After reading Betsey's book, I am impressed once again by her generosity of her spirit and intellect. Her message is clear ~ reconnect with Mother Earth, and recognize our connection

to the Creator of all things.

What a wonderful book. As are all here books. She is so intuitive. A wonderful read. I am so excited as to what is coming our way. Thank you Betsey for sharing your information. Highly recommend reading this :)
