Easy to read and understand, very happy with this purchase.I've already recommended to a friend.

Wonderfully thorough and accurate resource for anyone who has recently discovered their identity as an empath. A straightforward read -- no fluff, no nonsense.

This short, but concise book has very good information to build a foundation for self care for empaths. Highly recommended.

This was a great place to start if you are unfamiliar with empathy and are wondering if you may be an empath.

It was so easy to understand, especially since I know very little on the subject. It made me feel like there was something I could actually do to help my situation. Great read.

I highly recommend this book as a legitimate guide to understanding empathy and empathic abilities. I will look for other books by this author!

Loved this book! It finally put everything together for me! It all makes sense now. Thank you for an amazing book

It's all good
