Synopsis

Petrifying True Ghost Stories Of The Undead And Their Supernatural Tales...Get Your FREE BONUSES When You Grab This Book!Whether you believe it or not, whether you accept it or not, there are some things in the world that cannot be attributed to anything other than paranormal activity. Some spirits have been through tragedy so heartbreaking, they are trapped within that singular instance that stole their lives away â “ they relive that moment over and over and over. The world is an infinite place. We donâ™t entirely understand it â “ we believe in what we see and what we hear and try to make sense of that alone. Things that are easy to quantify, easy to explain with science â “ some of them are frightening in their intensity, such as a natural disaster, but these things donâ™t keep us up at night from fear. And then, there are those things that we cannot understand. The complexity of the human mind is such that what it cannot perceive or measure, it fears. And such things do exist â “ we can hear them, feel them, sense them. But we cannot quantify them, because their behavior does not remain consistent and there seems to be no rational explanation to them. In this book, we will take a look at the different places and spots on our planet where these inexplicable things exist. Everyone who has been to these places has come back changed; some have even gone just to see for themselves what itâ™s like; their accounts are disturbing...Here Is A Preview Of What's Inside...Ghost Stories: Okiku â “ The Death of LoyaltyGhost Stories: â^Sageâ™ly Murders at Chillingham CastleGhost Stories: The Wrecked Tale of The AlkimosGhost Stories: Roommates of the Paranormal Kind at the Normandie ApartmentGhost Stories: On the Highway to Hell â “ Tuen Mun RoadGhost Stories: A Man Scorned at the Wolfsegg CastleGhost Stories: Reigning Hell-Fire at the Montpelier HouseGhost Stories: The Deathly Dream of HollywoodMuch, much more!Grab this book today!

I wished it had more stories. I loved all the stories and not one I had read in any other book

Great book to read. It is interesting and somehow based on reality that shows how someone feels a ghost.
