used this collection when I reached French @ French Alliance of L.A.

This is an OK textbook, but the explanations are not always clear, and the speakers on the CD's do not enunciate clearly enough for second language learners.

This book is "must have" for those who study French and it fits with all my student requirements.

What about the quality of this book, unfortunately, it is worse than I have expected and moreover , there aren't a few pages (from 171 to 190). Also there is no the disk.

I was happy that the cd was still inside the clear slip at the back and that there were no markings that I could find inside.
