Mysterious, Discovered, Accepted (Nightfall Book 3)

Synopsis

Fans who love this action-packed werewolf series are comparing this book to New York Times Bestselling Author Patricia Briggs' Alpha and Omega series and the Mercy Thompson series.

“You know I would never do anything to intentionally hurt you. I would do anything and everything in my power to not hurt you against my own free will.”

Lionel is a lone wolf, a mysterious werewolf with a dark history that he keeps hidden. Without a pack to call home, Lionel is the epitome of the one thing werewolves hate the most: a rogue. No one knows his past, and he intends not to tell anyone. When he unexpectedly comes into the now perfect lives of the Night Family, everything goes haywire. Practically everyone in the family resents him, but not Clarissa. She, a Shaded Wolf of royal bloodline with the rarest of beauty, finds herself smitten by a lone wolf of unknown origin. Things become worse when death threats come knocking on the family's door. Everyone is taken at the edge of their sanity, but Clarissa is the one hurt the most. How will these chaotic events unfold? Will Clarissa ever get to discover Lionel's past? Will Lionel be accepted by those who hate him the most? Is the lone wolf a friend or a foe? This is the third book in the Nightfall Series. Grab a copy to continue the saga of Celina, Axel, and the triplets. With the same if not greater amount of suspense, drama, and plot twists, this tale is sure to not disappoint.

Customer Reviews

The author has poor vocabulary and descriptive skills. The book, if you will pardon the expression, is a dog.

I'm really sad to have finished this series. I have been able to see the growth not only of the characters, but of the author as well. As I recall, this book was well past the 50% point before anyone giggled. Everyone chuckled instead. Truly, it has been a pleasure watching this series grow. It appears that Ms. Samuels may have left an opportunity for another series, with a new pack. Whether she continues with these characters or branches out, I truly look forward to reading more of her work. If you are willing to see a sweet voice find her voice, this series is worth it. For one thing, you'll realize we've never truly given werewolves their due. ÃfÃ Ã Å,Ã ÆœÃ â They mate for life, raise their children devotedly, and the Luna is the true Alpha. Well worth the time.

Celina & Axel's triplets are now seniors in highschool. The pack has grown over the years. But they will soon face an enemy from the past whom wants to kill Clarissa. The stress causes chaos to erupt and Axel and Celina's love for each other is threatened. Their story continues and is just as amazing and fascinating as their past. The danger, action, thrills, secrets, pain, laughter, unexpected surprises will keep you enthralled til the next moment continues. But can they keep Clarissa safe from the hands of a psycho? Will this crisis divide Celina and Axel or bring them closer together? Will Callum, Comrade and Alex compete their journey's and arrive in time to stand by Celina and Axel? The Nightfall Pack can be enjoyed best by reading all 3 books in order, but that's only my suggestion. I rated 5 stars and I recommend "the 3 book Series," to all paranormal and mature readers. Enjoy!

Freaking Awsome!! Love loved them all!! Would love another some day?! Lol worth the read people!! Great writting

This is a three book series about a wolf pack, it's alpha and Luna, her guardian, wolf wars, and the female of their triplets. It is said to be for young adults, but I think anyone interested in sharpshooter would enjoy it. I would like to see stories written about the two male triplets finding their mates, more on Clarissa and Lionel after their return to his pack, as well as Callum's story.

I have read these three books by Violet Samuels and enjoyed them all. I am so looking forward to a fourth book. I hope she is in the process of writing more about Clarissa and her Mate.

This was truly a great story that captures you and makes you hold on all the way through. You can't help falling in love with the characters and experiencing everything with them. I totally love this world and can't wait for the next book.

This book was absolutely, positively AMAZINGGGGGG!!!! Completely worth reading, without a doubt in mind! I totally, completely recommend it, Violet did an amazing job with this one! Good job!
