Disgrace: BDSMerotica : Full Length Dark Romance Erotic Novels (The Disgrace Trilogy Book Book 1)

Synopsis

This is an full length adult themed explicit erotic romance novel, with graphic sexual content and BDSM scenes. This book is part of a contemporary hot erotic trilogy but Disgrace can be read as a standalone. It contains intense dominant and submissive role play and dark erotic romance. Be warned. I shamed my name. I am a whore. I am a disgrace. I'm all the things my mother made me. I wear my badge with pride because I know the truth, and only those worth a damn see me for who I am, not the label I choose to hide behind. I am a Domme. I would still rather be a whore than a hypocrite like my mother, or a victim like the daughter she raised me to be. As Mistress Selina, I can bring a grown man to his knees without so much as a crack of my handmade whip. I love the power and control. What's not to love? I must be mad to even consider Dominant sex club owner and King of Kink Jason Sinclair's proposition. Two Doms don't make a right. Self-preservation has kept me at a safe distance from the one man who could change all that. The only man who wields power like a sensual sword and keeps me balanced on that knife's edge. My choice is simple: He wants me to switch for him. But if I do, will I bleed or will I fall? Dee Palmer lives just outside of London with her husband and (slightly embarrassed) children. Her passion is writing sexy steamy romance stories that will scorch the pages right off your kindle and are guaranteed to make your heart pound. She loves an HEA but isn't afraid to put her readers through the ringer before she delivers. When not at her desk she can be found either fanning around on Facebook or with her nose stuck in her Kindle. Once in a while when the lights are down she might be spotted about town searching for the best French martinis and throwing some dubious shapes on the dance floor. Just Wow!! Jason Sinclair has wanted Sam since he connected with her 16 months ago. He has set

his sights on her and is determined to make her his own. Problem is...they are both Doms. Can he get her to submit? Sam has a troubled past but breaks away on her 18th birthday. She transforms herself into London's leading Dominatrix but cannot deny her attraction to Jason...can she let down her guard? When these two are together sparks fly and their sexual chemistry is undeniable. Dee takes us on an emotional roller coaster ride that is erotic, suspenseful, intense, full of romance, a bit of kink and BDSM!. Did I mention HOT!. I have read all of Dee's books and we were introduced to Jason and Sam in the Choices Trilogy. Disgrace can be read as a stand-a-lone but I would encourage you to read the Choices trilogy as well as Ethan's Fall.....you will not be disappointed. Disgrace was very easy to read, fast moving and entertaining. The characters are very well developed and even though they got their HEA, this book left me wanting so much more. I fell in love with the couple and everything they had to endure made this just an incredible read. Oh! And you will more than likely need to take a shower or two as you read of Jason and Sam's journey. I have read all of Dee's books and for me, this is her best work!. Well done Lady. 5 Stars from me

This book is not only sexy, hot it has so much more than that. When you find someone that makes you feel something that you are afraid to feel due to past hurts, do they have the power to get you over those feelings? Can someone give you something that you thought was never possible? Well the chemistry between Sam and Jason is off the charts. She has past issues from growing up with a mother who treated her horribly and a boy who treated her very badly. Are the feeling they have for each other and a possible future enough to have a future together? Well I can tell you this book is steamy, so worth reading you are going to want to take the afternoon so you don't have to put it down. I loved that Dee Palmer wrote this book with not only tragedy from the past but put such a bright future within reach. I voluntarily read this book through their ARC program.

Heartbreaking, empowering, funny, suspenseful, sensual, loving, and gives you one heck of an ending that puts a cherry on top of it all. Deep is the first thing that comes to my mind. Sam has a horrible past as her upbringing wasn't anything but traumatic which we read about throughout the first half of the story, easily showing us why she is how she is. The start of the whole crap with the intern is one of the reasons I LOVE reading both POVs because there were very compromising moments that made me hate him up until I heard his side of what happened. If you've read all three books of 50 shades of gray, that book nothing on this. More sexual scenes that all were so loving from start to end. The "bad guy" and the things that happened is FAR more intense. Ugh can't begin to start what happens without spoiling This story was truly riveting. Hm.. Now that I think of it, they

never talked about the tattoo hidden away. I can guess what it stood for but.. Haha anyways, just a random thought

Disgrace is anything but a disgrace in the book world. Disgrace is an exotic, intense, beautiful romance story. We were introduced to Sam and Jason in the Choices trilogy. I was captivated from the very beginning. The book is far from a superficial romance. The story and the characters are developed. Sam is a prime example of rising above the ashes, and Jason contributes greatly to her journey. Jason is excellent book boyfriend material. The author did an excellent job of telling this story, keeping the readers attention from beginning to end. Dee Palmer has plenty of twists, taking the along the reader with her. Her books don't disappoint, and Disgrace doesn't either. Great book. Definitely a re-read!

Wow I literally just finished this book and the feels are going crazy. I don't even know if I have the words to describe how great Disgrace is, but here goes. Disgrace is a beautifully written story of learning to trust and love when everything you ever known is screaming at you not to. You will laugh, you will cry and you will want a stiff drink, but most of all you will fall in love with the characters and their story. Oh and you might need a cold shower or three. ãfÂ ã Å,Û ÆœÃ Å
