This is the only comprehensive guidebook to many of the lakes and portage trails in the Boundary Waters Canoe Area. It is published in two volumes that concentrate on the eastern and western sides of this wilderness area. Each volume comes with a good map that covers the areas mentioned in the book that will assist you when you go to purchase specific maps for the area you are going to travel. It lists sites to see while paddling, good places to camp and those to avoid and describes portages in detail. A must have title for true paddlers or armchair dreamers!

It's hard to imagine going on a trip to the BWCAW without the appropriate Robert Beymer book. I refer to his books constantly when planning a trip, at the campsite, and even on the water; it never leaves my fanny pack except to be read. His information is clear and accurate (some of the rules have since changed). I even think his prose is pretty good. Highly recommended!
