Mein Kampf - My Struggle: Unabridged Edition Of Hitlers Original Book - Four And A Half Years Of Struggle Against Lies, Stupidity, And Cowardice

Synopsis

Mein Kampf (Ã¢â¬Å“My StruggleÃ¢â¬Å) is a political manifesto written by Adolf Hitler. It was his only complete book and became the bible of National Socialism in the German Third Reich. It was published in two volumes, which dated 1925 and 1927. By 1939 it had sold 5,200,000 copies and had been translated into 11 different languages. The first volume, entitled Die Abrechnung (Ã¢â¬Å“The Settlement of Accounts,Ã¢â¬Å or Ã¢â¬Å“RevengeÃ¢â¬Å), was written in 1924 in the Bavarian fortress of Landsberg am Lech. Hitler was imprisoned there after the unsuccessful Beer Hall Putsch of 1923. It describes the world of Hitlers youth, the First World War and the betrayal of Germany in 1918. It also expresses Hitlers Racial ideology. According to Hitler, it was necessary for Germans to occupy themselves not merely with the breeding of cats, dogs and horses - but also care for the health and wellbeing of their own Bloodline. The second volume, entitled Die Nationalsozialistische Bewegung (Ã¢â¬Å“The National Socialist MovementÃ¢â¬Å), was written after Hitlers release from prison in December 1924. It outlines the political program of National Socialism and includes the measures that National Socialism must pursue in both gaining power and in exercising it thereafter in the new German Reich. In this book Hitler describes an ideology which according to him must shake the world from its slumber. An ideology which is based on the Eternal Laws of Nature. Here you can notice how the foundations of Social Darwinism have been applied in practice. This book has set a path toward a much higher understanding of the self and of our magnificent destiny as living beings part of this Race on our planet. It shows us that we must not look at nature in terms of good or bad, but in an unfiltered manner. It describes what we must do if we want to survive as a people and as a Race. We have to understand that Nature does not forgive weakness and that the truth and reality is what it is, no matter how bad it may seem or how hard it can portray itself. This book shows the foundations of White Resistance and White Nationalism. It is the foundation and seed for the preservation of our Race. Be advised that this book does not represent the full Racialist ideology, but it is only a foundation as the Origin of Species is a foundation for the Theory of Evolution.

I am not here to criticize or defend Hitler, but as a historian, professor, author and a journalist, I am here to release a factual, fair, unbiased and objective analysis of this book, yet first to make a few points:I. In America we don't ban or censor information (like this book is banned in Germany), on the contrary we allow public to read Communist, Fascist, Islamic, Nazi and all other ideologies texts, and then judge for themselves about these texts. This is called freedom of information in a democracy.II. If you avoid the public to read something, they will go to great extent to discover what it is that you avoid them to read. Every action causes a reaction, equal and to the same power, yet in the opposite direction.III. As much as Hitler is criticized and hated in the West, yet he is admired and adored in many parts of the world such as East Europe (Romania, Bulgaria, and Hungary), Middle East (Turkey, Iran, and many Arab nations) and other areas. So it all depends who you speak to!IV. Like it or not, Hitler is the architect and creator of a global political and economical ideology named National Socialism (Nazism) which any free thinker or curious person must study like he studies any other ideology.V. To study and comprehend Nazism you must study and comprehend Mein Kampf (My Struggle) which is basically the Nazi Doctrine written by Adolf Hitler.This book is the best source of information to do this task. I speak 5 languages. I first read Mein Kampf in Persian (back in Iran) and I last read it in English (this book). I am here to tell you that this book is the original English translation, the best translation and the most accurate translation of Mein Kampf available.If you are a history buff, student of history, political junkie,

information junkie, scholar or just a enthusiastic reader, then this is the most accurate and unbiased (pro or against) version of Mein Kampf to read. This is the original (1939 version) of Mein Kampf in English translated by James Murphy (distinguished Irish translator) to be distributed in the Britain and the Western World. The translation is extremely well done. There is also a fine introduction by Bob Carruthers (Scottish historian, scholar, filmmaker and author) included. In addition it is illustrated with tons of original photos (some rare) from the 1939 publication. If you want to read Mein Kampf for the first time, brush up on it or read the accurate version, then this is for you. It is the republished copy of the best version available. This book is historically and philosophically valuable and worthy to study and to read. I recommend this book to all.

If you read this book with focus, objectivity, and equip yourself with the tools for critical thinking, you will gain much insight into the causes of these endless wars and social upheavals that plague the planet today. Good luck,

When this book was written, it was a one of a kind in attempting to coalesce contemporarily divergent political views effectively into a single movement. The result of the new political view/effort resulted in the Nazi party. You know what happened after that. Similarly, Saul Alinsky, has paraphrased Hitler's ideas into a new view that nominally distances itself from Mein Kampf, but drives for an exactly similar result in this day and time. I think that it is a "Must Read" for modern peoples.

Well. I read for recreational purposes . The author of course is hated by all but it's still an important piece of literature for us to read . It's very interesting how he viewed the world.

A very interesting read. It gives some insight into the mind and thoughts of one of history's most infamous men. I feel it is a must read for everyone wishing to know more about the years leading up to the second world war.

The book is very informative in respect of having an insight into the subject's beliefs and values. I would recommend the book to anyone who has a genuine interest in world history.

I have read this lol

Must read for lovers of history
