# Questioning Gender: A Sociological Exploration

## Synopsis

With content organized around big questions about gender, *Questioning Gender: A Sociological Exploration* serves as a point-of-departure for conversations about gender, and as a resource for exploring answers to many of those questions. Rather than providing definitive answers, this unique book exposes readers to new material that will lead them to question their assumptions.

## Book Information

Paperback: 592 pages

Publisher: SAGE Publications, Inc; 3 edition (January 12, 2017)

Language: English

ISBN-10: 1506325475

ISBN-13: 978-1506325477

Product Dimensions: 7.4 x 1.3 x 9.1 inches

## Customer Reviews

"I have adopted other gender texts and been dissatisfied. When I found *Questioning Gender*, I knew I needed to look no further. It has the theoretical foundation and research focus which are so important to me as well as an approachable style that incorporates global diversity and intersectionality." (Kimberly M. Pitts 2015-09-15)"I really like the inclusion of discussion questions and activities at the end of each chapter [of *Questioning Gender*]. Many of the books out there right now on the subject of gender are readers with diverse content (many times there are too many readings and abbreviated versions do not always read well), which I have found are more difficult for students to understand than a classic textbook. I also find that the book is also very easy to read and provides excellent examples of the concepts and theories that are explored." (Patricia Neff Claster 2015-09-28)"I like that the text focuses on questioning, something that can be difficult for some students. As primarily a sociology text, [*Questioning Gender*] covers some psychology and anthropology (and other social sciences) within it." (Spencer Acadia 2015-09-28)"I like [*Questioning Gender*] because it is approachable, it covers various theoretical perspectives, and I like how the

text is organized." (Renata Forste 2015-09-29)

Robyn Ryle is an associate professor of sociology at Hanover College in Hanover, Indiana, where she has been teaching sociology of gender and other courses for 7 years. She went to Millsaps College in Jackson, Mississippi, for her undergraduate degrees in sociology and English with a concentration in women's studies. She received her PhD in sociology from Indiana University-Bloomington and is originally from northern Kentucky. She is a member of the American Sociological Association and has served on the editorial board of the journal Teaching Sociology. She enjoys digging in her garden, cooking what comes out of her garden, and generally enjoying small town life. She currently lives in a 170-year-old house in scenic Madison, Indiana, with her husband, Jeff, stepdaughter Grace, and two rather peculiar cats. You can find her on Twitter (@robynryle), on the Facebook page for Questioning Gender (<https://www.facebook.com/questioninggender?ref=hl>), or at her blog: [you-think-too-much.com](http://you-think-too-much.com).

Awesome book, easy to follow and read.

Very difficult to understand if ethnographic research is new to you.

Decent Read for my class!

great

This book I brought for a class, needless to say I was disappointed with the class's and this book

The textbook is in great condition.

Very informative. Very well written. Is it wrong to love a textbook? Honestly, this is one of the few textbooks that I want to keep.

I got the book on on time and this was my first time working with this vendor. The book is sort of easy to understand.
