Customer Reviews

it was a good reference book for me. I learned things I didn't know. I gave it a 4 star cause it wasn't the best but it was helpful.

This book has been very helpful in my poetry writing. It helps you tap into your emotions with lots of tips such as creating a timeline of major events in your life. Other tips such as using the 5 senses and how, what types of nouns are best, using the active or the passive voice verbs and more. This is a good book to read with

Â Complete Idiot's Guide to Writing Poetry

Love this book. I bought it first for my kindle, then had to have a hard copy.

Great

Love It!

Very informative and helpful with writing poetry. Gives very good examples as well

Even better than I thought it would be.

The book, Everything Writing Poetry Book is a practical guide for the beginning and a ready to publish poet. The best resource for where to send ones poetry. The text gives sound advice for the poet who wants to be published and is realistic about how little money is actually to be made in just selling poems. This book was more than I thought it would be. Check it out.
