These are great. I really enjoy going thru them every day.

These are simply an awesome tool. I practice music with my kids at home and these are just what we needed for quick and fun review of notes, musical words, etc. Nice quality set! Very, very worth the money!!!

I was instructed to get some flash cards by my instructor. These have been helpful in my studies

and learning. I still refer to them occasionally

I am now using this group of flash cards and already I am learning some things that I have forgotten over time and also some new concepts. I also purchased the set B, but have not worked with them as much. I chose these two products because they were flash cards and not a book. I can mix them up and challenge myself to remember. They are sturdy enough for me, but I can see where they might not be sturdy for small hands, however I can suggest getting some clear contact paper and placing that over both sides to cheaply "laminate" them. In time I may do this also.

Great cards. These are excellent for drills. My kids love doing the rhythm cards. Very clear printing, fairly sturdy paper. Excellent buy for eight bucks.

I order these cards for all of my piano students! They are wonderful for practice and reinforcement of symbols, notes, and rhythms.

Thank you. Excellent item as described.

Just what I needed. Thanks!
