Customer Reviews

I LOVE these mandalas!!! These books have all levels of Mandalas from beginners to very advanced. I was frustrated though, because this book does NOT have perforated pages. Every time I tried to cut a page out, it didn't cut evenly. So, I took the books to a local printer who has a "Guillotine Cutter" and they didn't even charge me to cut the binding off the two books! You might also check out local colleges that have Graphic Arts Programs.

The mandalas were shrunk to fit in the book so the outlines were wide and dark and left almost no room to add color. Very disappointed.

to be honest, it was ok. I wouldn't buy it again because it was the same kind of designs and some of the designs were thin in outline, some of the designs were pretty, but not all of them. and I don't like

it that the paper you can't easily pull out.

So beautiful! I enjoy coloring these (and all) mandalas - to me, it's another way to meditate and destress.

Nice choice of designs. Prompt delivery.

love them

I received this so quickly and I truly am having so much fun.
