My First Piano Adventure, Lesson Book B With CD

Synopsis

(Faber Piano Adventures). Book B of the Fabers' method for the young beginner moves the student into staff-reading. Music notation is explored through stepwise directional reading, pattern recognition, and changing hand positions, all in the context of engaging songs, games and creative exploration at the piano. Maintaining the child-centered philosophy of the series, the "friends at the piano" from the A Books introduce students to the music of two new composer friends Wolfgang Amadeus Mozart and Ludwig van Beethoven. Classic themes share the stage with contemporary pop and jazz sounds for young ears to absorb and enjoy. The Book B CD presents a vibrant mix of sounds, from boogie to Beethoven. It serves as a listening CD which educates and as an accompaniment CD for play-along.

Customer Reviews

we have been buying all the steps of this books and they are great! I recommend this series of books for all children that want to learn how to play piano!

Great book for my beginner son, he's a beginner learner.

Book was in very good condition and included the CD.

Excellent. Good.

This is my second purchase of this book. I love this method for teaching my younger piano students. I really like it because it's easy for them to understand, plus they love listening to the CD and playing along with it. I would recommend this to any piano teachers for younger students (age 5-7). Great book:)!!!

I bought this for my daughter to learn piano. This was the book suggested by her teacher. The lessons are clear and easy to understand. Not only is she learning, but so am I ;)

My daughter is using this book as the 2nd in the series. She has improved with each book she completes.

Very Good Material!
