Customer Reviews

My book arrived with a book printing on the pages in the middle of the book. Would been a deal had I wanted "Pray Your Way Into 2017" along with they calligraphy paper pad.

I tried this with a Pilot Parallel Pen which although has a somewhat more watery ink, I can't imagine anything else faring much better. When I touch the nib to the surface, the ink bleeds HORRIBLY, even soaking through to the next page. I can't overemphasize how terrible this is at what it claims it is for.

Just as described, great practice pad for granddaughter who is learning calligraphy!

My granddaughter was very happy with this paper.

There are better quality Calligraphy pads out there.

Good value for a good product

My daughter loves it

Great Product
