## **Customer Reviews**

This book is reasonably priced & covers a lot of good material. The chapters are a little confusing

the way they are laid out though because there are review questions halfway through the chapter so you think your done with the chapter but your not. Otherwise it was a good book, easy to read & the court cases at the end of each chapter are helpful!

Issues discussed were pertinent to the paralegal role with good case studies, ethical, hypothetical questions to ponder; not difficult to read.

Wonderful. The semester is almost over and this text was a big help!

It's a textbook for an Ethics class. Nothing very exciting about the topic or the book, but it does the job.

love it so much

Exactly what I expected!!! Thank you!

Good read, GREAT price.

I was extremely disappointed by this book when I received it. Although it was listed as being in good condition when I made the order, the book was in terrible condition when it arrived. Astonishingly, the first 2 chapters of the book were completely missing, making the book largely a waste of my money.
