This was the closest I could find to the nursery rhyme golden book I had in the early eighties. I don't love that it's all Disney associations but the content was the goal. And it's all there!

My grandson loves Mickey Mouse and this was an great way for him to experience Mother Goose!

Well done! Classics + Disney characters

Just as I remembered it!

Exactly as silly as I remember from being a kid, we now read to our baby. Nursery rhymes are great for developing speech and recognition apparently, so we try to read and sing this book [and those like it] to our little one.

Great book

I recommend it. I had the book when I was little, when my kids were little, and now the great grandkids are enjoying it.

I read this book as a child and this one is beyond expectation. The book is so new, mine was never in this good condition.
