History Of Africa, Revised 2nd Edition

Synopsis

Now fully revised and updated, this classic text offers an illustrated and critical narrative introduction to the history of Africa from earliest times to the present. Beginning with the evolution of mankind itself, the book traces the history of Africa through the millennia of the ancient world to the centuries of medieval and modern Africa. The clear and simple language and the wealth of carefully chosen maps and photos combine to make an essential and accessible text.

Book Information

Paperback: 450 pages

Publisher: Palgrave Macmillan; Revised 2nd edition (October 14, 2005)

Language: English

Product Dimensions: 7.4 x 1 x 9.8 inches

Shipping Weight: 1.8 pounds

Average Customer Review: 4.1 out of 5 stars 49 customer reviews

Best Sellers Rank: #48,595 in Books (See Top 100 in Books) #17 in [Books > Politics & Social Sciences > Politics & Government > International & World Politics > African](#) #18 in [Books > Textbooks > Humanities > History > Africa](#) #121 in [Books > History > Africa](#)

Customer Reviews

This work is written from an African perspective e.g., "Alexander of Macedon (known in European history as Alexander the Great)" and is geared to secondary students (it comes complete with questions). It attempts to emphasize developments affecting the lives of "ordinary" people, from the beginning evolution of humankind up to the present, although post-independence Africa receives but 18 pages (and the bibliography lists only 30 items). Nevertheless, this is a good, well-written introductory text, although some might consider a number of its views, based as they are on the latest trends in scholarship, to be controversial (e.g., South African whites are referred to as "settlers"). Recommended.- Paul H. Thomas, Hoover Inst. Lib., Stanford, Cal. Copyright 1990 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

"A work with many virtues...stylistic lucidity, profusion of clear maps and excellent illustrations."--International Journal of African Historical Studies

Very accurate literature. The book is easy to read, and is organized as expected. If the theory of evolution offends you, please be warned, the first few chapters talk about that subject.

I had the good fortune to be introduced to this book by reading it aloud as a volunteer for Recording for the Blind & Dyslexic. Shillington builds a lucid case that the decline of the Egyptian civilization coincided with a shift away from trade and toward imperial domination -- which failed over long distances. Each chapter provides a clear perspective and a compelling read. High praise for a textbook!

my school book great price and delivery

Thank you

This book was a requirement for school but found it to be a dense read. Usually, I enjoy my textbooks and sometimes purchase them but I am happy to return this book. It arrived late but in good condition.

Only a few chapters in and I'm so intrigued. Learned a lot so far and can't wait to learn more.

It's a book, I can read the pages. Woo 5 stars

Really goes in depth of African history.
