Customer Reviews

The Kingdom of Nefertiti is indeed a good read. Amenhotep, Nefertiti and the Kingdom of Egypt's court and family come alive.

I have read all three of these books available (one more is on the way). I have enjoyed them a lot. I am eager to read the next installment.

A fascinating account of life in ancient Egypt, as told by each of the main characters. The varied points of view revealed intimate thoughts and feelings, and afforded an enriching depth that made this a truly captivating book.

Third book, and I almost hate it that there is only one more. This series brings Nefertiti to life. And what a adventure filled life, so far! Do not pass this series up. Well worth your time.

Nice series
