Customer Reviews

Though a little childish at times, this chapter book (good for teens or advanced early readers) is a nice continuation of the story of the Descendants. It ties into the little mini episodes that were on youtube that takes place with the Neon Lights Ball and continues the story of what CJ was doing there and her plans. Just be prepared for a lot of "pirate" sayings like shiver me timbers, walk the plank, creepy crabs, etc. That took away from the story along with hearing how great pirates are or pirates are meant to do things like this over and over and over. Still though, a must read for a fan of the show.

Love the book!!! Captain Hook has always been my favorite Disney Villian, and it is great to see the story of his daughter begin to unfold. CJ is a cool character who I am happy to have in the Descendants world. This is a cute story that will keep you entertained. As CJ and Freddie go on a pirate adventure to uncover treasure you find yourself figuring out the clues with them and becoming invested in the lives of the characters. It is a great book for kids, a light read, or any Descendants fan.

My daughter likes this series.

Enjoy this book a lot.

my daughter loves it

Really cute book, I love reading these to my granddaughter

Just love the way the plot of this book is inter woven through DESCENDANTS WICKED WORLD specials with what CJ was doing behind the scenes before she made her appearance in the show. seeking out her father Captain Hook secret. Makes me hope that Disney got someone to play her when Descendants 2 comes to TV.

Great book
