Customer Reviews

The guide to the many crags outside the town of Estes Park, Colorado, including Lumpy Ridge.

I was very impressed with this book. It is very descriptive with photographic route maps, and easy to read topos. This book covers all the crag areas in Rocky Mountain National Park. I liked the book because of its ease of route finding. For anyone planning to visit RMNP for climbing purposes, I recommend getting this book before you go. It is the same book sold at the local climbing shops around the park.
